SHIPPING AND HANDLING

First off, if you don't want to use our shipping chart, there's an easy solution: simply call our toll-free number, 1-800-443-7304, and place your order by phone, charging it to your credit card. Our customer service representatives will be able to tell you the weight of your order and the shipping charge.

If you want to place your order by mail, you'll need to use our shipping chart. If you're ordering items to be sent to more than one address you need to remember to figure the shipping separately for each order, then add it all together. As you fill out your order form, write down the weight for each item in the space provided. Now go to the shipping chart and locate the total weight of each individual shipment in the left column. Follow across until you're under the column of the state to which your order is being shipped. The dollar amount you see is the shipping and handling charge for your package.

If your shipment to any single address is over (10) pounds, call 1-800-443-7304 for exact shipping charge.
